

PRODUCT INFORMATION

FOLDING ALUMINIUM WHEELCHAIR

Affinity M64

The Affinity M64 is designed, and built, to European standards. CE Certification (European Certification) provides the buyer with peace of mind that safety standards are met, and quality is assured.

The focus of the Affinity brand is "quality products at an affordable price". Attention to detail, and practicality of use, are at the heart of the brand. The balance of quality and value means you get a great product at a fair price.

At Affinity, the R&D team work closely with the Engineering department. Feedback is converted into the product design. It is this partnership which has ensured the 6th Generation Affinity M64 maintains its position as a high quality wheelchair which performs, as it should, everytime.
